Hi Julie,

I just updated Agilent's quote for a new GC/MS. The quote is attached and totals \$77,955.10 with a 5% discount. Another item on our wish list is a glassware washer. The washer we presently use is nice but old. Its problems include two sticky valves and some clogged water jet holes. There is an appliance repairman in Amherst who is also a state vendor, but we don't know if parts are available. Is there money available? If we can fix this one, we could cross the washer off the wish list, and we would have a washer that is likely to be better than an affordable replacement.
